MMM

A high consumption block containing molasses, minerals and magnesium suitable for all grazing livestock

If your pasture is lacking magnesium, or your stock's diet is magnesium deficient, then MMM will suit your needs perfectly.

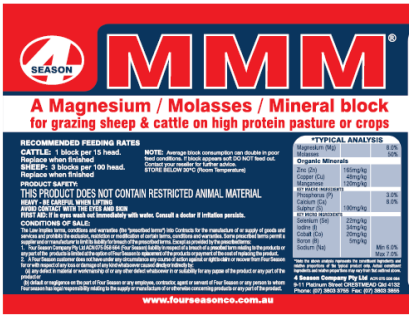
MMM has been designed as a high consumption magnesium, molasses & mineral block. Your animals will freely choose how much they need every day, owing to the attractive and energy rich molasses based formula.

Available in many sizes for your situation, MMM has been manufactured using high quality natural products. Only the finest ingredients are used, including some organic minerals. Whether it's grazing oats or cereal crops, improved or native pasture, MMM provides a balanced and sensible way to ensure that stock have access to a valuable source of quality nutrients.

Typical Analysis*

Magnesium (Mg)		8%
Molasses		50%
Organic Minerals		
Zinc (Zn)	165mg/kg	
Copper (Cu)	48mg/kg	
Manganese	120mg/kg	
Key Macro Ingredients		
Phosphorus (P)		3%
Calcium (Ca)		8%
Sulphur (S)	100mg/kg	
Key Micro Ingredients		
Selenium (Se)	22mg/kg	
Iodine (I)	34mg/kg	
Cobalt (Co)	20mg/kg	
Boron (B)	5mg/kg	
Sodium (NaCl) Min		6%
Sodium (NaCl) Max		7%

Note: The above analysis represents the constituent ingredients and relative proportions of the typical product only. Actual constituent ingredients and relative proportions may vary from that outlined above.

Pack Size	20kg & 40kg Blocks
Average Consumption based on 20kg block	
Cattle	1 block per 15 head
Sheep	3 blocks per 100 head


Replace immediately when consumed.
Note: Average block consumption will increase in highly phosphate deficient areas and with poor quality feed.
