Green Feed

A premium magnesium mineral and vitamin supplement for cattle and sheep grazing on all types of pasture and crops

Exclusive To Elders

A premium magnesium, mineral and vitamin supplement for cattle and sheep grazing on all types of pastures and crops, containing organic minerals.

As green feed can contain a poor balance of nutrients critical to maintain optimum health and productivity to animals, it can significantly reduce an animal's ability to efficiently convert the available feed into meat, milk or wool.

It may also contribute to conditions such as grass tetany and again reduce the animal's ability to fight off infections.

Containing organic minerals, 9% magnesium and 30% Natural protein / Protein Meal and selenium, this makes this block ideal for ewes and lambs, cows and calves.

Typical Analysis*		
Magnesium (Mg)	90g/kg	9.0%
Natural Protein / Protein Meal	300g/kg	30.0%
Total Min. Crude Protein	100g/kg	10.0%
Molasses	50g/kg	5.0%
Salt (NaCl) Min	240g/kg	24.0%
Salt (NaCl) Max	270g/kg	27.0%
Phosphorus (P)	17g/kg	1.7%
Sulphur (S)	35g/kg	3.5%
Calcium (Ca)	70g/kg	7.0%
Selenium (Se)	45mg/kg	
Iodine (I)	680mg/kg	
Organic Materials		
Copper (Cu)	100mg/kg	
Manganese (Mn)	160mg/kg	
Zinc (Zn)	220mg/kg	

Also contains: Cobalt (Co)

Note: The above analysis represents the constituent ingredients and relative proportions of the typical product only. Actual constituent ingredients and relative proportions may vary from that outlined above.

Pack Size	20kg & 100kg Blocks
Average Consumption	
20KG	Cattle: 4 blocks per 100 head for 5 days Sheep: 3 blocks per 100 head for 20 days
100KG	Cattle: 1 block per 100 head for 5 days Sheep: 1 block per 100 head for 30 days

Replace immediately when consumed.

Note: Average block consumption will increase in highly phosphate deficient areas and with poor quality feed.

GREEN FEED®
