Multi-Mineral

A multi purposed mineral & trace element block suitable for all livestock

MULTI-MINERAL is a new generation product that balances a complex of macro and micro minerals, quality trace elements with 6% magnesium. It helps give stock a chance to correct nutritional imbalances in their diet. Humans are freely able to take supplements every day. We believe that farm animals deserve the same choice.

It makes sense to have a supplement product in the paddock when animals need it. Usually by the time a stockowner notices a slip in condition of stock because of a dietary imbalance, it is too late. MULTI-MINERAL works in your paddock 24 hours a day, rain, snow or sunshine. It's the quiet performer keeping the female in production.

MULTI-MINERAL is an excellent nutritional protection product for your stock, all year round.

Typical Analysis*

Magnesium (Mg)		6.0%
Salt (NaCl) Min	300g/kg	30.0%
Salt (NaCl) Max	350g/kg	35.0%
Natural Protein / Protein Meal		15.0%
Total Minimum Crude Protein		5.0%
Calcium (Ca)		10.0%
Molasses		6.0%
Phosphorus (P)		3.3%
Sulphur (S)		2.5%
Copper (Cu)	3000mg/kg	
Iodine (I)	680mg/kg	
Selenium (Se)	26mg/kg	

Also Contains: Zinc (Zn), Cobalt (Co)

Note: The above analysis represents the constituent ingredients and relative proportions of the typical product only. Actual constituent ingredients and relative proportions may vary from that outlined above.

Pack Size 20kg

Average Consumption based on 20kg block

Cattle 4 blocks per 100 head for 7 days

Sheep 3 blocks per 100 head for 30 days

Replace immediately when consumed.

Note: Average block consumption will increase in highly phosphate deficient areas and with poor quality feed.
