Pro 70

A mid-strength protein supplement for cattle

Pro 70 is a mid-range 22% urea and 22% Natural protein / protein meal block which was developed for cattle in dry feed areas.

Ideal for areas that have a bulk of early dry feed where livestock will thrive on the combination of urea, Natural protein / protein meal and minerals.

Dry grass low in protein can be effectively utilised more efficiently with the use of Pro 70 supplementation.

Typical Analysis*

Urea	225g/kg	22.5%
Natural protein / protein meal	220g/kg	22.0%
Min. equivalent crude urea	630g/kg	63.0%
Min. crude protein	70g/kg	7.0%
Molasses	50g/kg	5.0%
Salt (NaCl) Min		25.0%
Salt (NaCl) Max		30.0%
Phosphorus (P)	10g/kg	1.0%
Calcium (Ca)	70g/kg	7.0%
Sulphur (S)	20g/kg	2.0%
Copper (Cu)	29.8g/kg	

Also contains: Cobalt (Co), Zinc (Zn).

Note: The above analysis represents the constituent ingredients and relative proportions of the typical product only. Actual constituent ingredients and relative proportions may vary from that outlined above.

Pack Size | 20kg & 100kg Blocks

Average Consumption

Cattle | 100 – 200g per head per day

Urea Warning: This product contains Urea that may be harmful to animals if not properly administered. Do not feed to starving animals or animals in poor condition. Make sure that a bulk roughage is always available when feeding this product. Rain may cause this product to deteriorate. Do not feed out other Urea products while feeding this product.

Replace immediately when consumed.

Note: Average block consumption will increase in highly phosphate deficient areas and with poor quality feed.

PRO-70
A mid strength protein supplement for cattle

RECOMMENDED FEED OUT RATES
CATTLE: 100-200g per head per day

FEEDING FOR BEST RESULTS: Always feed out PRO-70 in 10% UREA blocks first, usually for a period of 4 days before feeding Pro-70. This will prevent Bloaters from dying in high Urea feedings.

NOTE: Forage that contains urea leads to poor feed utilization. If forage contains 0.2% Urea, consider adding urease for better utilization.

PRODUCT SAFETY: THIS PRODUCT DOES NOT CONTAIN RESTRICTED ANIMAL MATERIAL.

WARNING: Urea is a nitrogenous compound that is highly toxic to animals. Do not allow animals to graze on urea-treated pastures. Do not allow animals to graze on urea-treated pastures. Do not allow animals to graze on urea-treated pastures. Do not allow animals to graze on urea-treated pastures.

CONDITIONS OF SALE: This product is sold as a "best before" product. It is not a feed additive. It is not a feed supplement. It is not a feed preservative. It is not a feed stabilizer. It is not a feed conditioner. It is not a feed enhancer. It is not a feed improver. It is not a feed optimizer. It is not a feed maximizer. It is not a feed multiplier. It is not a feed amplifier. It is not a feed booster. It is not a feed accelerator. It is not a feed stimulant. It is not a feed catalyst. It is not a feed trigger. It is not a feed initiator. It is not a feed activator.
