## Protein 50

## A premium protein feed block for cattle & sheep

## **Exclusive to Nutrien Ag Solutions**

PROTEIN 50 is the ultimate in feed block supplementation for sheep and cattle.

When extreme dry conditions occur, cattle and sheep need a high-quality protein/nutrition source to keep them in full production.

PROTEIN 50 contains high levels of natural protein meal and urea to make the most of standing dry feed, or to compliment grain feeding programs. The balanced protein blend in this block, combined with the high mineral, and vitamin levels, helps ensure that stock will perform to their highest genetic potential on dry feed conditions, in a safe, efficient and effective way.

Typical Analysis*		
Natural Protein/protein meal	470g/kg	47.0%
Urea	115g/kg	11.5%
Total min. crude protein	150g/kg	15.0%
Total equivalent crude protein	310g/kg	31.0%
Molasses	50g/kg	5.0%
Calcium (Ca)	50g/kg	5.0%
Phosphorus (P)	10g/kg	1.0%
Sulphur (S)	25g/kg	2.5%
Salt (NaCI) Min	200g/kg	20.0%
Salt (NaCI) Max	220g/kg	22.0%

Also contains: Magnesium (Mg).

**Note:** The above analysis represents the constituent ingredients and relative proportions of the typical product only. Actual constituent ingredients and relative proportions may vary from that outlined above.

Pack Size

20kg & 90kg Blocks

Average Consumption based on 20kg block

Cattle Sheep 8 blocks per 100 head for 7 days 6 blocks per 100 head for 20 days

Urea Warning: This product contains Urea that may be harmful to animals if not properly administered. Do not feed to starving animals or animals in poor condition. Make sure that a bulk roughage is always available when feeding this product. Rain may cause this product to deteriorate. Do not feed out other Urea products while feeding this product.

Replace immediately when consumed.

**Note:** Average block consumption will increase in highly phosphate deficient areas and with poor quality feed.
